**Summary of Legislation:** The bill provides for the reimbursement of a county that has purchased or will purchase a new voting system to replace a voting system that was previously approved by the Election Commission and for which approval was later revoked, if the purchase is eligible for reimbursement under the Federal Help America Vote Act (HAVA).

**Effective Date:** Upon passage.

**Explanation of State Expenditures:** *Summary-* The increase in state expenditures under this provision would depend on approvals by the Budget Agency and Budget Committee for reimbursement from HAVA funds. The amount disbursed for reimbursement to approved counties would also depend on the amount of HAVA funds available in the future.

**Background-** Boone, Cass, Parke, and Randolph Counties have purchased voting systems with their original allotment of HAVA funds. These four counties purchased voting systems which are no longer certified by the Election Commission. Cass County has about \$73,000 remaining in their HAVA voting system replacement allotment. Boone County may be able to qualify for a portion of a \$2 M allotment from the federal government for counties that purchased a voting system between 1998 and 2001 (prior to HAVA, Boone purchased a voting system in 1999, before their purchase of their current voting system). Parke and Randolph have expended their entire HAVA disbursement.

About \$5.1 M remained in Sec. 101 HAVA voting system replacement funds as of October 31, 2007. All \$5.1 M has been obligated to other counties for their initial purchase of voting systems.

**Explanation of State Revenues:**

**Explanation of Local Expenditures:**

**Explanation of Local Revenues:** Counties eligible under the provisions of the bill could receive additional HAVA funds to replace decertified election equipment. The total amount awarded will depend on the number of approved counties and the future availability of HAVA funds.
